

Job Advertisement: Nurse Practitioners and Allied Health Professionals for Medical Education, Evaluation, Advisory, and Planning Services

Position: Nurse Practitioners and Allied Health Professionals

Location: Unley/Remote/Various Locations

Contract Salary: Competitive Consulting Rates

About GPEX:

GPEX is committed to supporting primary and community care through developing and delivering innovative care models, cutting-edge education, clinical trials, and top-tier consulting services, including health care and workforce planning, evaluation, and advisory. We are seeking experienced Nurse Practitioners and Allied Health Professionals to join our team.

Role Overview:

As a contractor with GPEX, you will have the opportunity to choose the projects you work on and leverage your expertise and passion for health care to design models of care, develop and deliver educational content and assessments, and provide consulting and advisory services on projects such as workforce planning and evaluation of health care interventions and services. Your contributions will help shape the future of primary and community care and ensure the highest standards of healthcare delivery.

Additional Benefits:

- **Flexible Work Environment:** Enjoy the freedom to work remotely or from various locations, tailoring your schedule to fit your lifestyle.
- **Diverse Projects:** Engage in a wide range of projects that match your interests and expertise, from clinical trials to health policy advisory.
- **Collaborative Network:** Work alongside a network of passionate healthcare professionals, enhancing your professional connections and influence.
- **Impactful Work:** Contribute to meaningful projects that directly improve patient care and healthcare systems.
- **Supportive Team:** Benefit from the support and collaboration of a dedicated team committed to excellence in primary care.
- **Competitive Compensation:** Receive competitive consulting rates for your contributions and expertise.

**Areas of Expertise:**

We are particularly interested in professionals with expertise in the following areas:

- Mental Health
- Eating Disorders
- Geriatric and Palliative Care
- Chronic disease
- Paediatrics
- Neurodiversity
- Women's Health
- *Aboriginal and Torres Strait Islander Health*
- Culturally and Linguistically Diverse (CALD) Health
- LGBTQIA+ Health
- Rural and Remote Health

Qualifications and Skills:

- You are a qualified health professional with current AHPRA registration (where relevant), or eligible for membership of relevant professional association
- Experienced and knowledgeable in your identified area of specialty.
- Experience in one or more areas of education, assessment, facilitation, service design, evaluation, and advisory of primary care initiatives.
- Strong collaboration and communication skills.

Application Process:

If you are interested in joining our team of dedicated contractors, please submit the following [form](#).

We look forward to welcoming you to the GPEX team and working together to advance primary and community care.
